

As you read in yesterday's edition the Arkansas Supreme Court has ruled that the petitions supporting the state-wide prohibition measure are valid and the bill will go on the November 7 general election ballot as Initiated Act No. 2.

A generation or two ago the moral flavor of prohibition was unspiced by economic facts, high taxes, and the bitter experience of trying to enforce a dictatorial and un-American law.

But time changes all things.

In the first place, frontier days are gone. There was a day right here in Hope when the saloon was almost the sole entertainment spot. There were no movies, no automobiles, no monthly installment payments — and so the saloon got the crowd.

Time has changed all that. Liquor today runs a poor race against the lure of movies, automobiles, new homes, and household appliances — all seeking the same consumer dollar. Anyone who tries to argue the point and insists that prohibition has the same job to do today that it had a generation ago is simply indulging in wishful thinking — like the small boy who comes out of the Western picture show and tells his dad he saw Indians on the way home.

Time has changed more than the moral issue. America today is an adult nation, with all the problems and grief that grownup folks are heir to. We are a people heavily in debt, paying high prices, and carrying a staggering load of taxation.

In order to run our public schools we have to lay a direct sales tax on even the most basic foods — bread, milk and meat. We pay sales tax on the medicine with which we are treated when ill, and our estate is charged sales tax on the coffin in which we are eventually laid to rest.

Under the circumstances we can be excused for having small patience with the high-flown orators who tell us that regardless of everything else prohibition is still the No. 1 question. For to the average man prohibition simply means that liquor, being outlawed and still bootlegged, is in effect made tax-free.

Taxing bread and milk and meat while letting liquor go tax-free simply doesn't make sense.

It doesn't make sense to the states with big bank accounts, prosperous businesses, and fully-equipped schools and well-paid teachers — for they go right on taxing liquor to the limit and tell the prohibitionists, "Go back to your Wild West movie and sleep it off!"

And it doesn't make sense here in Arkansas. The school men tell me if Act No. 2 passes on November 7 and liquor is outlawed all over Arkansas the public schools will lose 6 million dollars' tax revenue a year and every school teacher will face a salary cut — either that or the real property of Arkansas will pay the dizziest tax increase in history!

It doesn't make any sense right here in Hempstead county. We had a local option election in 1946 and voted the county "dry" after 10 years of being "wet." But while we're politically "dry" we're still financially "wet" — for our county's schools keep on accepting the tax money that is collected on liquor sales in the big cities and distributed to all counties.

Nor do we want to surrender these big, bad, tainted dollars. We want local option on liquor sales, all right, but we don't want local option when it comes to passing around the tax dollars — with-out which our teachers would be crippled and the schools threatened with closure.

And that doesn't make sense either.

Act No. 2 should be beaten by a record majority on November 7.

## Local Negro Killed in Truck Wreck

Letois Monk, 25-year-old Hope Negro, was killed about 6 p. m. yesterday when the log truck he was driving collided with another on Highway 82, five miles west of Waldo.

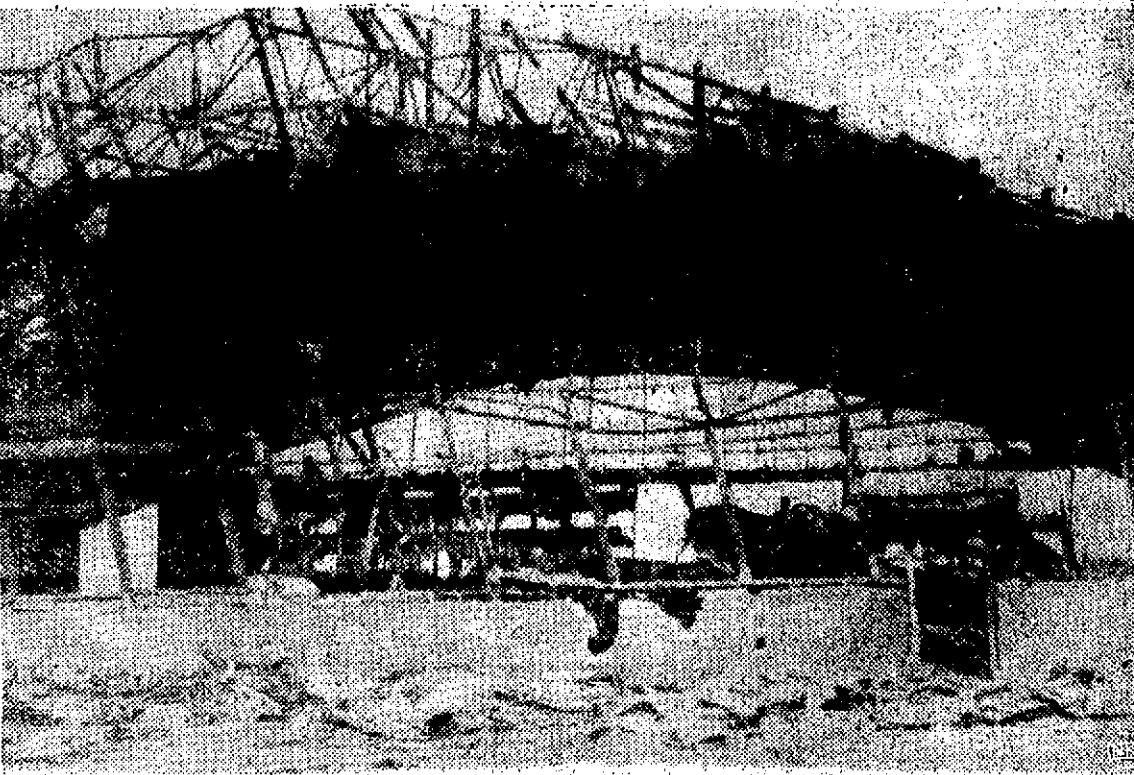

Investigating officers said Monk was attempting to pass another truck driven by B. A. Mix, Waldo, when the latter made a left turn and the vehicles crashed.

Mix was taken to a Magnolia hospital where he was treated for minor injuries. Monk died almost instantly.

## Friday's Game Is Designated Homecoming

The Bobcat's first conference game, which is with Texarkana on Friday night, October 20, has been designated Homecoming.

Wilma Coleman and Clara Allen have been selected as co-queens and will be crowned by co-captains Gordon Beasley and Joe Barrentine in a ceremony on the High School stage at 2 p. m.

Maids to the queens are: Joy Kennedy, Nancy Hays, Charlene Davis, Patsy Hughes, Caroline Hawthorne, Mary Hooper, Tish Smith, Patsy Roberts, Martha Wray, Kay Franks, Wanda Spears, and Charlene Rogers.

Mary Trickey, daughter of Coach and Mrs. Trickey, and Joe Mason, son of Mr. and Mrs. Frank Mason, will be crown bearers.

After the coronation, the cheerleaders will lead the assembly in a pep rally, scheduled to be broadcast over KXAR. The band will also play.

At 3 o'clock Friday afternoon there will be a downtown parade led by the band. The royalty will ride on a float decorated by the FFA girls classes and organizations will also enter floats in the parade.

The senior Bobcats are: Charles Crumpler, Jim Edwards, Wayne England, Thomas Guillemins, Bill Gunter, Mac Hooper, Reeder Huddleston, Verdon Kennedy, Johnny Platte, Louis Sutton, Billy Ray Taylor, and Carl Willis.

## Arkansan Awarded

Tokyo, Oct. 17 (UP) — Gen. Douglas MacArthur's headquarters announced award of the silver star to 1st Lt. Lewis T. Harrison, Jr., of Arkadelphia, Ark., today.

Harrison took command of his company after the commander had been killed, and skillfully directed a counter-attack and subsequent withdrawal despite the fact he had been wounded.

## Blevins Youth Recovering From Polio

Wayne Bell, 11 year-old son of Elmer Bell of Blevins, is able to walk again after a prolonged convalescence from poliomyelitis.

The boy was one of the more seriously affected victims of the '49 epidemic to receive treatment at the Children's Convalescent Center. He spent more than a year at the institution, which is operated by the Arkansas Association for the Crippled, with only brief vacations at home between courses of restorative therapies.

During his last stay, he was equipped with a short leg brace and learned to use crutches. He has been able to discard an arm brace, and signs for continued improvement are good.

## 3-Day Flower Show Starts Wednesday

The second annual flower show will be held here October 18-20 at the First Methodist Church. The show is sponsored by the Garden Clubs of Hope.

Registration will be at 9 a. m. Wednesday and a school of instruction starts at 10 a. m. Mrs. Joe Hardin and Mrs. Fulton Murphy will serve as instructors during the 3-day meet.

The Public is invited.

## OES to Meet

The Hope Chapter, Order of the Eastern Star, will meet Thursday night, October 19, at the Masonic Hall at 7:30 o'clock. Refreshments will be served. All members are urged to attend.

## Six Persons Killed in Collision

Plaquemine, La., Oct. 17 (AP) — Six persons were killed in a collision with a train near here last night, Sheriff Charles Griffin reported.

Griffin identified them as Mrs. Celestine West, 73; Miss Doris West, 32, and Lawrence West, 48, her son and daughter; Miss Elaine West, 19, and Marvin West, 16, West's daughter and son; all of Plaquemine; and Mrs. A. J. Lejeune, 75, of Baton Rouge, sister of Mrs. West.

The collision between the automobile and the Texas and Pacific passenger train No. 28 took place about two miles east of here. Griffin said all six persons apparently died instantly.

A coroner's jury ruled that the deaths were accidental.

## Truman Speech Tonight to Be 'Non-Partisan'

By ERNEST B. VACCARO

San Francisco, Oct. 17 (AP) — President Truman took extraordinary precautions today to provide a completely non-partisan backdrop for his major foreign policy speech tonight.

Closely following his momentous mid-Pacific conference with General MacArthur, the speech is expected to reopen a concentrated campaign to force Soviet Russia to talk peace in realistic terms.

Every effort was made by the President's aides to keep Democratic candidates away from his quarters in the Fairmont hotel, after his arrival aboard the presidential plane, "The Independence," from Honolulu yesterday.

Mr. Truman apparently was operating on the theory that no politics is the best politics for the administration during its critical period in world affairs.

His major foreign policy pronouncement is scheduled for 8:30 p. m. (11:30 p. m. EST) in San Francisco's Opera house — where the charter of the United Nations was drafted during the final campaigns of World War II.

The President spent a good part of last night in conference with top officials on the wording of the address, which will be amplified in a talk before the U. N. general assembly in New York Oct. 24.

He went over rough drafts with W. Averell Harriman, special assistant for foreign affairs; Charles S. Murphy, special counsel and principal speech-writer; Charles G. Ross, administrative assistant; George Elsey, and others.

President Truman's week end conference with General MacArthur on tiny, scrubby Wake island furnishes the background for the address which will be beamed by the Voice of America throughout the world and carried by the major radio networks in this country.

These points are expected to be emphasized:

(1) The United States is primarily interested in bringing to the Korean people something of living standards of the American people — by reconstruction and rehabilitation;

(2) Improvements advocated for Korea will serve as a pattern of what the U. S. would like to do for other countries in need of American aid;

(3) The U. S. wants neither special consideration nor military installations in Korea and would like to get its troops out as soon as it is safe to do so;

(4) There must be no showdown in congressional support of heavy spending for defense at home and for Allied Nations abroad so long as the threat of communism imperils any spot in the world where an invasion could explode into another world war.

Mr. Truman showed unusual care in the preparation of tonight's speech — expected to be the opening and an extensive drive to counter Russian propaganda which tries to picture the U. S. as an "aggressor" nation.

C. H. MOSES

C. Hamilton Moses will be principal speaker at a community mobilization breakfast here Wednesday at Hotel Barlow at 7:15 a. m.

This breakfast is sponsored by the Arkansas Economic Council (State Chamber of Commerce). Object of the meeting to plan the integration of local communities into the defense economy, promote continued civic improvement and to rally all citizens to the support of American freedoms.

Tickets may be purchased for a dollar at Lewis-McLarty, Ladies Specialty Shop, Roy Anderson's office, Lehman Auto Supply, both Hope banks and the Chamber of Commerce office.

## DAR District to Meet Near Bradley

The Caddo District, Daughters of the American Revolution, will hold its Fall meeting near Bradley, Tuesday, October 24, with the district director, Mrs. W. G. Hodges of Malvern, presiding.

All members are asked to bring box lunches for themselves and guests and to assemble at Bradley at twelve o'clock where a picnic lunch will be spread.

Following a brief business meeting, the group will reassemble at Walnut Hill, the Conway-Bradley cemetery, two miles from Bradley, where they will place a marker at the grave of James Sevier Conway, first governor of Arkansas.

Speakers for this occasion will include Judge Parker, of Lewisville and Mrs. Louis M. Frasier, State Regent of the Daughters of the American Revolution. Members of the Lewisville band will furnish appropriate music during the ceremonies.

Mrs. J. E. Finch, of Malvern, who is chairman of the day's program, will be assisted by George Bell, of Bradley, a direct descendant of Governor Conway. All Daughters of the American Revolution are urged to attend this meeting, and anyone interested in this project is invited to be present at the ceremonies at Walnut Hill.

## Sources Indicate MacArthur, Truman Have Agreed to Send Additional Forces to Far East

By RUSSELL BRINER

Tokyo, Oct. 17 (AP) — American and South Korean columns slashed tonight through shattered Communist remnants within 10 miles of the Red Korean capital, Pyongyang.

Just over a month after the Allied tide turned on the landing at Inchon, the war was running swiftly toward victory for the United Nations.

The U. S. First Cavalry and the Republic of Korea (ROK) first division were racing each other for the Red capital. Each wanted to be first to level the knockout blow.

AP Correspondent Don Whitehead, with the Americans, reported the capital is certain to come within range of Allied big guns in 24 hours or less.

Military circles in Tokyo say the fall of Pyongyang almost certainly will end the Korean war except for mop-up operations; a gainst guerrilla forces.

AP Correspondent Hal Boyle reported the Americans were driving on Pyongyang in a 30-mile long column.

The foot troopers were forging ahead Tuesday night through disrupted Red defenses. Boyle said they might reach Pyongyang by Wednesday.

ROK officers had trouble restraining the weary but eager South Korean troops from running along the road to Pyongyang. Many of them had not stopped to rest for two days. They had fought back after a shattering military defeat — when the Reds invaded their southern half of Korea June 25 — and the taste of victory was on their lips.

The U. S. First Cavalry division smashed nearly 30 miles from its kickoff point at Suwon. It bypassed Sariwon, 35 air miles south of Pyongyang, and drove over a secondary road into Hwangju, only 23 miles south of the Red capital on the main highway.

Then it swung northward swiftly that the foot troopers seized a bridge before the surprised Red forces could blow it up. The foot troopers were within 20 miles or less of Pyongyang.

Both the Americans and ROKs were swinging along in open country along the flatland approaches to Pyongyang.

Behind the Americans, British and Australian Commonwealth brigade troops sped 31 miles to Sariwon and captured that highway city.

On the east coast, ROK first corps elements rolled within sight of Korea's great industrial city of Hamhung and its port, Hungnam.

Organized Red resistance was shattered. Communist troops were surrendering by the hundreds. All along the slanting battlefield the Reds laid down their arms, retreated in confusion or fled into the hills in scattered bands.

Allied columns swept past great piles of supplies, arms and ammunition abandoned by the fleeing Reds.

Gen. Paik Sun Yup, commander of the ROK first division, said "we don't intend to stop now."

"The men are tired but they don't care as long as they move fast. When they get to Pyongyang they can sleep for a week."

AP Correspondent Jack MacBeth, with the ROKs, reported that they drove nearly 50 road miles in two days. Many fought and trudged along the winding mountain road without rest.

**LEAP FOR LIFE**—This spectacular photo shows 61-year-old William Ogden in mid-air as he leapt 70 feet from the roof of a cotton mill in Manchester, England, to escape flames that had trapped him. He landed in four and a half feet of water in the mill's reservoir and was hospitalized.

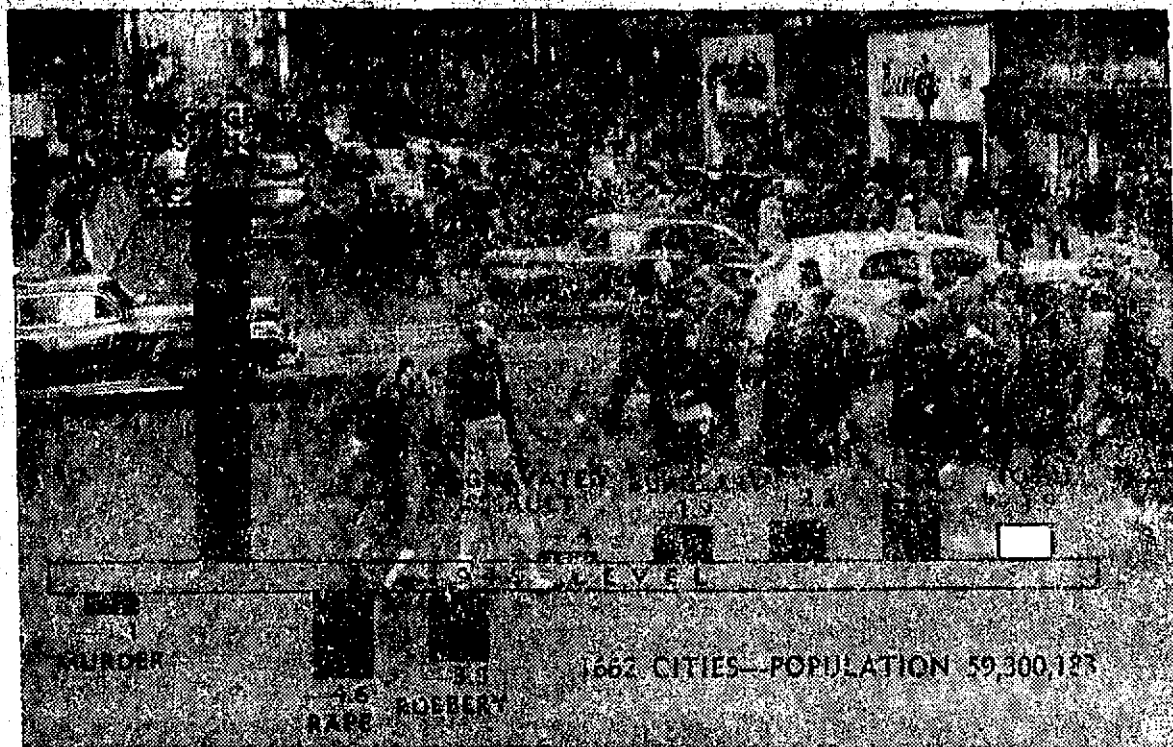

**"PHONEY" LESSONS**—Kenneth W. (Skippy) Franks, 10, a fifth-grade student at Cordley School, Lawrence, Kan., goes to class by telephone. A leg infection keeps him in bed, but a two-way telephone at his bedside makes it possible for him to listen in and take part in class work.

**SWEDISH SERUM MAKES BIGGER LITTER**—A special serum is being used to produce over-size rabbits and bigger pigs on an experimental farm near Malmo, Sweden, by Prof. Gosta Haggquist, above. At left, Professor Haggquist holds three king-size rabbits grown by use of the serum. At right is a sow with a litter of abnormally-large pigs produced by the same process.

**TO RING AGAIN**—Korea's historic, five-century-old Liberty Bell, traditionally rung on occasions of national jubilation, lies amid the rubble of the Seoul building that housed it. Legend says the bell's peal includes the moan of a child—the child of a beggar woman thrown into the cauldron, along with the treasures of all Koreans present, when the bell was cast in 1468. The bell last tolled on Aug. 15, 1945, when the Japanese surrendered.

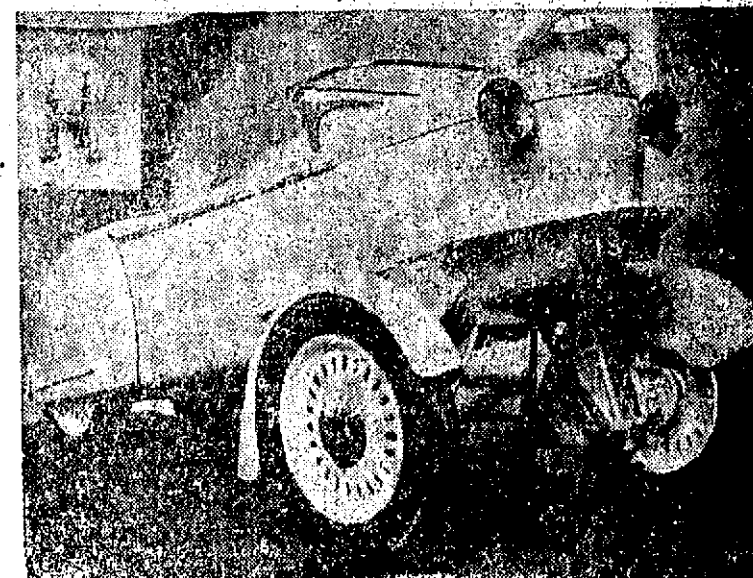

**MORE CRIME IN THE CITY**—Crime in the cities during the first half of 1950 was up 1.9 per cent over the same period in 1949, according to the FBI's semiannual report. Negligent manslaughter saw the steepest rise—19.8 per cent over the preceding year; auto theft was next with 3.2 per cent. Three crimes—murder, rape and robbery—declined slightly during the period.

**AFTER WAR . . . PLAYTIME AGAIN**—Although bitter warfare with its death and destruction passed their way just two days ago, these youngsters in Seoul, South Korea, haven't let it get them down. They're back to their prewar business of having fun. Photo by NEA-Acme Staff Photographer Norman Williams.

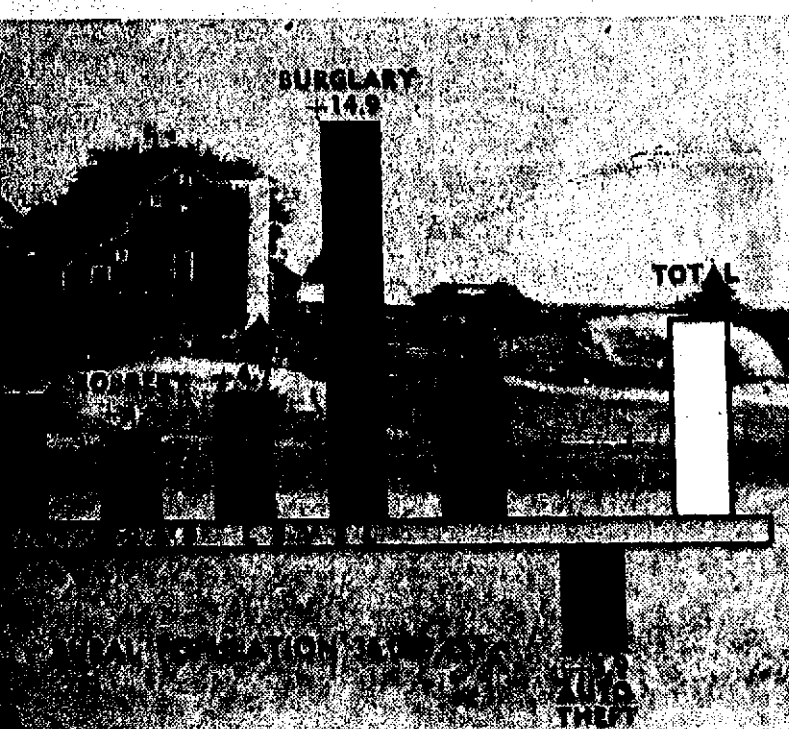

**HOW CUD SHE?**—A hungry Holstein cow—one of 65 dairy cattle recently shipped to Greece under the Marshall Plan—adds some mortar to her cud as she gnaws on a stone wall in Attica. Experts explain that the cow takes to the heavy diet to give her an adequate supply of calcium.

**DREAM CAR**—The French auto designer calls it the "pass-partout" ("go-anywhere"), but for the woman who always scrapes the fenders getting in and out of the garage it's like something out of a dream. The reason: the auto's wheels—including the fenders—are retractable; they fold in close for parking or other close shaves.

**PLANEWAY**—An F-80 jet fighter swishes by at 450 miles an hour in a ghostly pass over Williams Air Force Base, Chandler, Ariz. The trainer was moving so fast it appeared to stand still as the photographer snapped the shot. (Department of Defense photo from NEA-Acme.)

**CRIME WAVE MOUNTS**—The nation's postwar crime wave continued upward in the first half of 1950, with the total number of offenses known to police up 7.4 per cent for the same period in 1949. Greatest increase, in rural areas, was in burglaries. Negligent manslaughter and auto theft—on the increase in the cities—were each down in rural reports. Data are from the FBI's semiannual reports on crime in the United States.

**HARVEST TIME IN KOREA**—In a Korean rice field, shocks of the grain, harvested entirely by hand, are stacked in neat rows. Korean farmers appear as tiny specks in center of the photo. One major result of the speedy UN liberation of South Korea was to rescue the valuable rice crop from invading Reds, and thus save countless thousands of Koreans from possible starvation.

**STAR FARMER**—Forrest Davis, Jr., of Quincy, Fla., above, was named Star Farmer of America at the Future Farmers' convention in Kansas City, Mo. Just 21, Davis has already earned \$45,000 from farm projects.

**HEADS WAGE BOARD**—Cyrus S. Ching, above, who as chief of the National Mediation and Conciliation Service has settled some of the country's toughest postwar labor disputes, has been named chairman of the new Wage Stabilization Board, Ching, 73, will head a nine-member board which would recommend fair wage levels in the event price and wage ceilings are imposed.

## Fair Enough

New York, Oct. 16 (AP)—

Harmon, who is as much to blame

as any other individual except

Roosevelt, and Hopkins for the

post-war ascendancy of the en-

emy over the United States, recent-

ly made a speech before the an-

nual convention of racketeers and

their panoplied accomplices known

as the convention of the American

Federation of Labor. Pausing

briefly to justify this description

of this gang of predators, I shall

quote typical excerpts from the

official remarks which William

Green, its president, expressed at

two successive conventions of the

movie and theatrical employees'

union when it was under the presi-

dency of a notorious underworld

racketeer, George B. Brownie, who

later was forced out and sent to

prison in spite of Green's official

endeavors to protect him, along

with Willie Bloff, the filthiest

rotent of them all, who was

Brownie's official extortioner. Bloff

started out as a brother-

keeper.

In the 1936 convention at Kan-

sas City, Green said: "There is no

organization in the federation that

occupies a relatively higher posi-

tion in my regard and esteem than

your splendid international. It is

second to none."

At the Cleveland convention, in

1938, Green said: "I come here as

merely symbolic of this Great

American Federation of Labor,

conveying to you in this simple

way the internal greetings of that

great movement and I am bring-

ing you the assurance of the undi-

vided support and assistance of

that great, strong, invincible

American labor movement. Your

great president, racketeer George

Brownie, a man whom I hold in

high regard, has served you so

faithfully and so well that I think

I should say to you that he is a

member of the executive council

of the American Federation of

Labor. He is held in high regard

and high esteem by all high 17 or

18 colleagues of the council. We

love him and hope he will be per-

mitted to serve you as well as

serving as a member of the ex-

ecutive council for many many

more years to come."

That qualifies Green for you and

puts into moral proportion and

perspective the gang before

whom Harriman appeared as an

appropriate spokesman of the ad-

ministration of the mist distin-

guished alumnus of the Pender-

gast gang of Kansas City.

Now let us get to Harriman. In

the presence of Robert A. Taft, of

Ohio, named a candidate for re-elec-

tion, blaming him and the Repub-

lican party for the ghastly plight

of the United States in the Frank-

lin D. Roosevelt memorial war in

Korea. The A. F. of L. is back-

ing up Taft's opponent because Taft

wrote and forced through the law

which has at least diminished the

brutal powers of the dirty crooks

who have the effrontery to call

themselves representatives of the

American working people. Harri-

man's ethics and fitness for high

office and public confidence are

subject to consideration of the

character of the mob which he ad-

dressed.

In reply a short time later, Sen-

ator Taft observed that the admin-

istration in which Harriman has

been deeply implicated during and

since the war had been in control

of American foreign policy for 18

years and was responsible for the

results of that policy, including,

of course, the war with Russia.

Harriman himself, is a strange

choice, said Senator Taft, "be-

cause he was one of the principal

authors of the Yalta agreement. He

had been a very strenuous pro-

moter of lend-lease to Russia. He

probably dished out 10 or 12

billions without requiring the slight-

est guarantee of any kind as to

Russian behavior after the war. At

Yalta he was as much in charge

as anybody except Hopkins. Hop-

kins and Harriman really ran

the Yalta conference. Alger Hiss

was there."

## Justice Signs Pro-Contract With Redskins

Washington, Oct. 17 (AP)—

Charles Justice finally put

his name on a Washington

redskin football contract yesterday

after repeatedly saying "no" to

pro-offers since last June.

The former North Carolina All-

America halfback signed the

three-year contract while Redskins

President George Preston Mar-

shall and head coach Herman

Ball looked on.

Ball said Justice will make his

debut against the Chicago Cardi-

nals next Sunday.

Army Still Tops

and Oklahoma

Rates Second

By JOE REICHLER

New York, Oct. 17 (AP)—

Army's all-conquering Cadets

clung to their position as the nation's No. 1

college football team today. At the

same time, once-invincible Notre

Dame dropped out of the top ten

for the first time in nearly a de-

cade.

Chopping down a strong Michi-

gan eleven last Saturday, 27-6, for

their third straight triumph, the

unbeaten West Pointers strength-

ened their first place grip gained

a week ago in the Associated Press

poll.

Coach Earl Blaik's Black

Knights, unbeaten in their last 23

starts, drew a total of 124 first

place ballots among the 275 voters

cast by sports writers and sports-

casters.

Notre Dame's Fighting Irish,

who a week ago saw their 39-game

non-losing skein snapped by Pur-

due, again failed to impress de-

spite their 13-9 victory over Tu-

laine Saturday. That showing

helped push the Irish from 10th to

11th place.

## Israel Trying To Get Out Of Cabinet

Jerusalem, Oct. 14 — (AP) — Israel's cabinet meets again today to discuss the possibility of getting the young prime minister out of his first cabinet.

The crisis followed the resignation of Premier David Ben-Gurion.

Gurion told the Knesset (parliament) yesterday he had been unable to form a new cabinet in the past 24 hours. He said the lawmakers to set new conditions without delay and authorized a caretaker minority government to carry on in the meantime.

The last proposal found little support yesterday's debate. Gurion, who headed a four-member coalition, proposed that the government be composed of eight members, seven from his own Mapai (Labor) party and one Safardim party minister.

Safardim members with drew from the debate, however.

Gurion resigned Sunday after three religious blocs left his government. In the past, Gurion had been known to tackle Israel's religious problem. The religious members, representing a mixture of the devout and orthodox, but Isaac ben Zvi, head of the Knesset, held portfolios of religion, social affairs and interior.

Unprecedented

Situations in

Path of Peace

By ELTON C. FAY

Washington, Oct. 16 (AP) — Some

unprecedented and complex situa-

tions are involved in the "steps

necessary to bring peace and secu-

rity to Korea which President

Truman says he and Gen. Dou-

glas MacArthur discussed at their

last meeting.

For the first time, a segment of

the Communist empire is being

removed from the Soviet grasp.

The procedure followed in North

Korea may become a pattern

for the truce of the Russian

armies start crumbling elsewhere.

MacArthur is going to have some

things he hasn't faced before.

He must use his experience in

World War II as a guide

in steps in Korea.

When victory came in the Pacific

there was an organized Japanese

government to sign the sur-

render and continue on with inter-

national administration. In

the closing days of the war, the

U.S. encouraged the Japanese to

sign the government of Emperor

Hirohito. This facilitated the sur-

render and the eventual recon-

struction of the Japanese govern-

ment. The aggressive and ruthless

policy of communism make it

impossible to use such machinery

in Korea.

MacArthur is well aware of that.

He noted that when he is

asked to surrender to a com-

mander of the North Korean

military forces, Marshall Choi-

son, and not to the head of

the Communist government, Prem-

ier Kim Il Sung.

MacArthur appeared to

be following to some extent the

precedent set in the World War II

collapse of Germany. There it was

the Nazi generals and admirals

who signed the capitulation docu-

ments. Hitler's government had

integrated with the reported au-

thority of the leader.

But there is little likelihood that

Choi Yung Kun or Kim Il

Sung will sign any formal sur-

render documents for several re-

asons. In the first place, Choi has

been the premier, has retorted

that the "people's" army

and partisans will fight until the

last "victory." Secondly, they

are men marked for execu-

tion. Communist world should

deviate from doctrine and

capitulate to the "capitalistic

world. And they quite possibly

also would be marked for execu-

tion as war criminals if they fell

into United Nations hands.

today reported its net income for

the quarter ended Sept. 30 was

\$12,780,000, equal to \$2.64 a share

on the average 27,955,388 capital

shares outstanding during the period.

The company noted that re-

sults for September were partly

estimated.

For the 12 months ended Sept.

the net income amounted to

\$127,440,000, equal to \$10.20 a

share on 26,703,316 average shares.

This compared with \$11.13, 0.15 or

\$2.25 a share on 23,587,000 shares

in the preceding 12 months.
